## New Business

Intuitive Thinking Skills have launched our new service Ambition Portsmouth this week. The service is based in the heart of Portsmouth Town Centre and will be a city wide service, outreaching and ensuring this is inclusive of people who are not able to reach the Ambition Hub. We will be partnering and building robust relationships across justice, health, homelessness and wider health services to ensure that we are driving joined up care and outcomes for all.

Our service will offer a range of education and training interventions, striving to reduce health inequalities and the harm and mortality associated with drug use and dependency. We also aim to breakdown stigma associated with recovery by bringing the community together and facilitating education opportunities, skills development, co-production and interventions.
