## New Business

We are delighted to announce that **we have gone live with our two new Greater Manchester, Drugs and Alcohol Individual Placement Support (IPS) services.** This now means we are delivering 5 IPS services nationally. The IPS services will provide tailored support to people with drugs and alcohol dependency who are looking for employment.

We are proud to confirm **we have been asked to deliver a number of young people programmes within North Wales schools along with UK shared prosperity funds.** The programme is designed to educate young people about the dangers of vaping, online safety, gangs, county lines and criminal exploitations, providing them with mentoring support, knowledge and skills to make informed decisions about their lifestyles, health and wellbeing.

We have also **recently been asked to provide staff training programmes to our partners Ingeus.**
