National Recovery Month

This September, we proudly celebrated **National Recovery Month**, a time to raise awareness of **substance misuse** and **mental health recovery** while honouring the people who've made incredible strides in their own lives. Recovery Month is about reducing stigma, fostering hope, and showing that recovery is not only possible but contagious. Click below to discover how we're empowering people and communities to **overcome barriers and create lasting, positive change**.

Our Ambassador Lead for the **Stockport Drug and Alcohol Service (SDAS)**, **Danielle Churchill** and some of the **Stockport Ambassadors and Volunteers** are getting involved with Stockport's homeless centre, **The Wellspring**, and are participating in their charity campout. They will be rough sleeping for one night to raise money for The Wellspring.

Here's a message from Danielle:

"I personally know the difference that the Wellspring makes to some of the clients that use Stockport Drug and Alcohol Service. We have street homeless people using their showers and getting clean clothes so they can attend the courses and groups we offer. I have worked with clients who are now abstinent and in paid employment, after being initially street homeless and helped by The Wellspring. If that initial help and support was not offered, they would not have achieved their goals.

The Wellspring offer clothing, hot food, medical help, housing, and benefit advice and much more. We also need to recognise that in our current climate there are families accessing the service who work full time and still can't afford to eat!

Please donate what you can to help this service, every pound helps!!

Thanks, Danielle and the volunteers/ambassadors"
